

# PRODUCT DATASHEET

## Orbis Waves 480x480mm 43W Tunable White DIM Remote White

Orbis Waves | LED ceiling lamp with multiple light layers

---

### Areas of application

- Indoor
- Living areas (living rooms, dining rooms, bedrooms etc.)

---

### Product benefits

- Color temperature adjustment for different application needs
- Set light output from 0-100% for personal comfort

---

### Product features

- Dimmable
- White adjustment (CCT) from 2700 K...6000 K via remote control

## TECHNICAL DATA

### Electrical data

|                                                             |               |
|-------------------------------------------------------------|---------------|
| Nominal wattage                                             | 43.00 W       |
| Nominal voltage                                             | 220...240 V   |
| Mains frequency                                             | 50/60 Hz      |
| Nominal current                                             | 200.000 mA    |
| Inrush current                                              | 6 A           |
| Inrush current time $T_{h50}$                               | 100 $\mu$ s   |
| Max. number of luminaires per miniature circuit breaker B16 | 76            |
| Max. number of luminaires per miniature circuit breaker C10 | 31            |
| Max. number of luminaires per miniature circuit breaker C16 | 50            |
| Power factor $\lambda$                                      | > 0.9         |
| Total harmonic distortion                                   | < 20 %        |
| Protection class                                            | II            |
| Operating mode                                              | Mains voltage |

### Photometrical data

|                                                              |               |
|--------------------------------------------------------------|---------------|
| Luminous flux                                                | 3600 lm       |
| Total luminous flux of contained light sources               | 5700 lm       |
| Luminous efficacy                                            | 80 lm/W       |
| Color temperature                                            | 2600...6000 K |
| Reference control setting of contained light source (Kelvin) | 2700 K        |
| Light color (designation)                                    | Tunable White |
| Color rendering index Ra                                     | > 80          |
| Standard deviation of color matching                         | 6 sdcn        |
| Flickering metric (Pst LM)                                   | <1            |
| Stroboscope effect metric (SVM)                              | <0.4          |
| Photobiological safety group acc. to EN62778                 | RG1           |
| Beam angle                                                   | 200 °         |

### Dimensions & Weight

|                |           |
|----------------|-----------|
| Length         | 480.00 mm |
| Width          | 480.00 mm |
| Height         | 64.00 mm  |
| Product weight | 5150.00 g |

ORBIS WAVES 480X480 43W TW  
DIMRC WT

Materials & Colors

|                                            |                  |
|--------------------------------------------|------------------|
| Product color                              | White            |
| Housing color                              | White            |
| Body material                              | Steel            |
| Cover material                             | Polystyrene (PS) |
| Glow Wire Test according to IEC 60695-2-12 | 650 °C           |
| Mercury content                            | 0.0 mg           |

Application & Mounting

|                                        |                         |
|----------------------------------------|-------------------------|
| Ambient temperature range              | -20...+40 °C            |
| Temperature range at storage           | -20...+80 °C            |
| Type of connection                     | Terminal, 2-Pole (L, N) |
| Type of protection                     | IP20                    |
| Protection class IK (shock resistance) | IK03                    |
| Dimmable                               | Yes                     |
| Mounting type                          | Surface                 |
| Mounting location                      | Ceiling                 |
| With light source                      | Yes                     |
| Replaceable light source               | No                      |

Lifespan

|                            |       |
|----------------------------|-------|
| Number of switching cycles | 12500 |
|----------------------------|-------|

Emergency lighting

|                                  |      |
|----------------------------------|------|
| Type of emergency operation test | None |
|----------------------------------|------|

## Certificates & Standards

|                                                      |                 |
|------------------------------------------------------|-----------------|
| Standards                                            | CE / UKCA       |
| Luminaire with limited surface temperature, "D sign" | No              |
| Ball shot safe                                       | No              |
| Replaceable light source (EPREL)                     | Not replaceable |

## EQUIPMENT / ACCESSORIES

- Batteries required for remote control: 2xAAA (not included)

## Safety advice

- Luminaire must be disconnected from mains during installation, maintenance and cover removal
- Check wall-ceiling for suitability. If uncertain, seek professional advice.
- All electrical connections must be made by a qualified person.
- Caution, risk of electric shock.

## DOWNLOAD DATA
